SKILLS

- **Languages:** C++, JavaScript
- **Web Technologies**: HTML and CSS
- **Database**: MySQL, MongoDB
- **Tools & Platforms**: VS Code, GitHub, Figma
- **Soft Skills**: Problem-Solving, Teamwork, Project Management, Adaptable

PROJECTS

- **FoodieHub (Restaurant Website)** :

Developed a responsive restaurant website to display menu items, customer reviews, and online reservation options. Focused on modern design, smooth navigation, and consistent UI using HTML, CSS, and JavaScript. Integrated a contact and reservation form, with MySQL used for storing customer feedback.

Tech Stack: HTML, CSS, Javascript, MySQL.

- **Synthetica (Fake News Detector) :**

Built a **machine learning–based web app** to detect fake or real news headlines. Created during a 24-hour hackathon to combat misinformation. Designed a clean UI with **React and Tailwind CSS**, and integrated **Node.js** backend with **MongoDB** for data handling and ML model integration.

Tech Stack: React, Node.js, MongoDB, Tailwind CSS.

- **SheKnows (Ongoing Project) :**

Developing a women-focused platform offering articles, resources, and an AI chatbot for health and empowerment topics. Designed UI prototypes in Figma and building responsive pages using React. Integrated OpenAI API for chatbot responses and MongoDB for data management.

Tech Stack: HTML, CSS, React, MongoDB, Node.js, Figma, Open AI API (Chatbot Integration)

CERTIFICATES

- **HTML & CSS Crash Course – Scrimba (via Coursera)**

  Completed an online course covering the fundamentals of web design and development, including responsive layouts, CSS styling, and semantic HTML. Strengthened the foundation for building user-friendly websites.

- **OOPs in C++ – Coding Ninjas (Code360)**

  Earned a certificate for completing the Object-Oriented Programming in C++ guided path. Gained practical understanding of classes, objects, constructors, destructors, and access modifiers through hands-on coding exercises.

- **Full Stack Development Workshop – GeeksforGeeks**

  Participated in a full-stack development workshop organized by GeeksforGeeks during the *HackManthan 2025* event at Lovely Professional University. Learned about frontend and backend integration, teamwork, and collaborative project building in a hackathon environment.

ACHIEVEMENTS

- **2nd Runner-Up – Tech Blitz 2025 (Coding Ninjas LPU)**

Secured **3rd position** among multiple teams in a 24-hour hackathon focused on **Web Development**.Collaborated on an innovative project that addressed real-world challenges through technology.

- **Participant – HackManthan 2025 (EventEye, LPU)**

Participated in a **university-level hackathon** organized by EventEye, Lovely Professional University. Gained hands-on experience in teamwork, time management, and building full-stack solutions under tight deadlines.

EDUCATION

- **Lovely Professional University** — Punjab, India
  Masters of Computer Application — Since August 2025

- **Akal Degree College For Women** — Punjab, India
  Bachelor of Computer Application : CGPA:8.5 — August 2021- May 2024

EXTRA – CURRICULAR

- **Received 'C' Certificate in NCC:**

  Active participation in the National Cadet Corps (NCC), fostering discipline, leadership, and teamwork skills. Successfully completed training under the National Cadet Corps (NCC), instilling qualities of discipline, leadership, and responsibility.

  Active member of the National Cadet Corps (NCC), gaining experience in teamwork, time management, and community service.
